

SPONSORSHIP OPPORTUNITY

Future Gymnastics Academy is an elite training facility in Blacklick, Ohio. We focus on a positive environment for maximum growth in both sport and life. Managed and coached by 2016 Olympic Coach, Christian Gallardo, each individual athlete has the groundwork laid for a strong future in both gymnastics and their life beyond the sport. Our athletes range in age from pre-school age children to high school athletes reaching for college athletic scholarships and beyond.

These athletes and the FGA Booster Club rely on the support of corporate and individual sponsors to offset some of the high costs required to effectively compete in this sport. Your support will help create opportunities and unforgettable experiences for many young athletes, while providing you with an excellent opportunity to promote your company!

FGA Boosters is a 501(c)3 non-profit organization and welcomes your support in the form of a tax-deductible corporate sponsorship. As a sponsor, you will gain excellent exposure through many placement opportunities at our exhibitions, meets and beyond.
